Gents,

Please be on notice: I will be filing a formal response to Bob's Second Amended Petition and Application for Injunctive Relief masquerading as an Amended Notice of Hearing in advance of the scheduled TI hearing. The response will strongly object to all Bob's allegations and exhibits presented therein.

In reference to the application for the TI, the main arguments presented by Bob will be contested in great detail and supported by precedential case law.

Due to the limited time before the hearing, interrupted by a weekend, please advise by return if you are opposed or unopposed to the media defendants response.

Cheers,

Mark Burke
